

FRANCISCAN HEALTH CENTER

Franciscan Health Center Social Accountability Statement - 2020

Franciscan Health Center is located in Duluth, a city in Northern Minnesota, on Lake Superior, of a population of 86,293. Franciscan Health Center is located on beautiful Park Point. While taking a short drive over the bridge to Franciscan, you will see a view of the bay with the ships in port or actually see a ship coming into the harbor.

Our Mission: Expressing Christ’s love by providing care that values every human life.

St. Francis Health Services owns and operates Franciscan Health Center and is sponsored by the Catholic Diocese of St. Cloud. We are dedicated to promoting the Ethical and Religious Directive for Catholic Health Care services.

Core Values:	
Integrity	We faithfully adhere to high principles and professional standards.
Commitment	We dedicate ourselves to those we serve.
Respect	We value and treat each individual with compassion and dignity.
Excellence	We have the passion to do our best.
Service	We deliver what has not been done, before it is expected.
Stewardship	We wisely employ the talents, resources, and relationships entrusted to us.

Franciscan Health Center believes in a resident centered, hospitality care model. Major emphasis is placed on services that help restore the body and spirit and encourages the resident to function as independently as possible.

An example of this commitment to excellence is the implementation of the “Nursing Facility Performance-Based Incentive Payment Program” (PIPP) grant awarded by the MN Department of Human Services (DHS). The funds of the grant are used for a project entitled: “Nutrition and Optimal Weight (NOW) Project”.

Franciscan, will work collaboratively with related SFHS long term care centers to improve the overall dining experience and the nutritional status of individuals receiving services at Franciscan.

The goal is to reduce the number of residents experiencing unexplained weight loss, increase resident and family food satisfaction, improve resident’s overall nutritional status, and to allow individuals receiving services to achieve optimal health, functioning, and wellbeing.

The NOW Project will provide Franciscan with additional resources to make positive system improvements to support good nutritional outcomes for individuals receiving services, focusing on each individual's preferences and needs. A big component will be implementing the Kind Dining program to improve dining room service. We hope to create an optimal environment in which food can be enjoyed.

Implementation of the NOW Project began January 1, 2019 at Franciscan Health Center and will continue through December 31, 2020. SFHS is a faith-based, not-for-profit healthcare organization. In addition to their skilled nursing care centers, they offer a variety of services that include customized/assisted living, a full range of therapies, senior housing, transitional and skilled nursing care, and behavioral and residential programs throughout the state of Minnesota.

Recognizing Spiritual Needs and Individuality

Our Pastoral Care services provide spiritual care for all residents. This involves personal attention to the individual needs of each resident. The chaplain works with local clergy to meet the denominational needs regarding religious services and spiritual guidance for our residents. Franciscan Health Center is a community oriented facility, combining residents and neighbors and events. Community interaction is welcomed and encouraged.

Providing Access to Educational Opportunities

Education is a high priority in health care and for Franciscan. Providing opportunities to further education and learn new information and skills is essential to providing quality, comprehensive, and holistic resident care.

Franciscan Health Center has a great opportunity for employee scholarships and Student Loan Reimbursement for employees who are interested in advancing in their careers.
